CODECELL ACTIVITY REPORT (AY 2024 - 2025)

Activity: KJSSE CTF 2.0 (Capture The Flag)

Event Name	CTF (Capture The Flag)
Event Type (Webinar/Seminar / Conference /FDP / Workshop /Training / Guest Lecture/Industrial Visit)	Workshop
Capacity development and skills enhancement	1. Awareness of trends in technology initiatives
Level of Organization (Local/State National /International/ Intercollegiate /Intracollegiate)	National
Objective	To enhance practical cybersecurity skills through real-world problem-solving, teamwork, and strategic thinking.

CODECELL ACTIVITY REPORT (AY 2024 - 2025)

Activity: KJSSE CTF 2.0 (Capture The Flag)

Report	On 8th February 2025, the **KJSSE CodeCell** organized a national-level cyber security event that brought together 106 talented students from across the country. This event was designed to foster a love for cybersecurity among students, challenge seasoned players, and promote the importance of cybersecurity in today's digital world. The competition was a thrilling showcase of skill, innovation, and collaboration, setting the stage for an unforgettable experience.
	The journey began with an online qualifying round on Unstop, held on 28th January 2025, where participants demonstrated their technical prowess to secure a spot in the final event. The final round, held at KJSSE, was a six-hour marathon of intense problem-solving and teamwork, with participants competing in teams of two. The challenges spanned a wide range of domains, including forensics, cryptography, reverse engineering, and OSINT (Open-Source Intelligence), ensuring that participants were tested on both breadth and depth of their cybersecurity knowledge.
	What made this event truly special was its hands-on, real-world approach. Participants weren't just solving theoretical problems; they were immersed in scenarios that mimicked actual cybersecurity threats. This required them to think critically, adapt quickly, and devise creative solutions under pressure. The competition format emphasized teamwork and collaboration, as participants pooled their expertise to tackle intricate challenges and outmaneuver their opponents.

CODECELL ACTIVITY REPORT (AY 2024 - 2025)

Activity: KJSSE CTF 2.0 (Capture The Flag)

| | The atmosphere was electric, with participants fully engaged in the thrill of the competition. As the clock ticked down, the sense of anticipation grew, culminating in the announcement of the winners. But beyond the accolades and prizes, the event offered something far more valuable: invaluable experiences, new connections, and enhanced technical skills. Participants left with a deeper understanding of cybersecurity, a stronger network of like-minded peers, and memories that would last a lifetime.

This event was more than just a competition; it was a celebration of innovation and collaboration in the field of cybersecurity. By bringing together students from across the nation, KJSSE CodeCell not only highlighted the growing talent in this field but also reinforced the importance of equipping the next generation with the skills needed to tackle the ever-evolving challenges of the digital age.

The success of this event is a testament to the vibrant and thriving cybersecurity community in India. It served as a platform for students to showcase their skills, learn from one another, and contribute to the broader cybersecurity ecosystem. As participants carry forward the lessons learned and experiences gained, they do so as ambassadors of a brighter, more secure digital future.

Looking ahead, the momentum generated by this event sets the stage for even greater achievements in the field of cybersecurity. With its commitment to fostering innovation and excellence, KJSSE CodeCell continues to inspire and empower the next generation of cybersecurity professionals. |

Subject: Request for permission to use A-315 Seminar Hall for conducting a competition.

Dear Ma'am,

KJSCE CodeCell is conducting the National Capture The Flag 2.0 on Saturday, 8th February, 2025. We request you to allow us to use **A-315 on Saturday, 8th February from 9:00 am to 6:00 pm** for conducting the event.

We request you kindly grant us permission to conduct the event in the Seminar hall subject to the availability of the same.

Regards,
Thanking You

CODECELL ACTIVITY REPORT (AY 2024 - 2025)

Activity: KJSSE CTF 2.0 (Capture The Flag)

					super amazing.Like the challenges were designed to incorporate both beginner and advanced players. It gave me confidence to try harder in my further CTFs. And about the team,They were great, helpful, cheerful, and we had no sort of inconvenience. A good care was taken of the participants. ThankYou KJSSE for an amazing CTF event. Waiting for the next one.	
aditya.yadav4@somaiya.edu	Aditya yadav	KJSSE	5	5	It was a wonderful event; perfectly managed by the CodeCell council. The challenges were very	I really enjoyed the competition.
